

Would you be interested in living in an eco-development?

We are a group of people planning to build a housing community within reach of Cardiff which will feature:

- Ecologically sustainable homes
- A mix of people of all ages living in a supportive and friendly environment
- A balance of private spaces for living, and communal spaces for shared activities
- A high degree of self-sufficiency in the production of food and energy
- Social and economic links with the local community

Would you like to find out more?

Come along to one of our meetings or contact us using the details below:
